

DEHUMIDIFIERS

DHF10CEL

TIN Code	421938
Maximum power	205 W
Thermo regulator	electronic
Height	0.470 m
Width	0.185 m
Depth	0.276 m
Moisture removal	10 L/24h 30°C / RH80%
Refrigerant	R290, 45 gr
Air volume per hour	105 m³/h m³/h
Working temperature	5°C - 35°C °C
Recommend room size	15 m² (h = 2.5 m)

Information

DHF10CEL

- Attractive design and low noise level
- Suitable for laundry drying
- Prevents mold and moisture
- Ability to work through the continuous drain
- Room humidity control
- LED display
- Humidity sensor
- Moisture removal: 10 L/24h 30°C / RH80%
- Refrigerant R290, 45 g
- Air volume per hour: 105 m³/h
- Automatic protection the when water tank is full
- Water tank full indicator
- Convenient handle
- Electronic control
- Auto defrost
- Working temperature: 5°C - 35°C
- Convenient power cord storage
- 24-hour timer
- Water tank 2.0 L
- Recommend room size: 15 m² (h = 2.5 m)

Serie information

DHF10CEL

TESY dehumidifiers have moisture capturing capability. Thanks to the advantages of cooling technologies, the dehumidifier removes air moisture and reduces humidity levels in the room whilst keeping the air dry and comfortable. The dehumidifier is designed to be compact and lightweight. Bottom wheels enhance moving to different rooms.
