FLOOR STANDING ELECTRIC CONVECTOR HEATERS

CN 214 ZF

TIN Code	420028
Net weight	2.8 kg
Maximum power	2000 W
Thermo regulator	mechanical
For room up to	36-42 m³
Heating area	14-17 m²
Height	0.43 m
Width	0.18 m
Length	0.60 m

Information

CN 214 ZF

- Rated power: 2000 W
- Heating element - resistive wire
- Light indicator
- Power cord: 1.7 m
- **Energy saving features**
- Three heating power levels: 800 W /1200 W / 2000 W
- Adjustable thermoregulator
- **Security features**
- Anti-frost protection
- Overheating protection

***This product is only suitable for well insulated spaces or occasional use.**

Serie information

CN 214 ZF

Range of floor standing electric convector heaters, which are lightweight, portable and also provide fast warming of the room.

Wide choice of designs, including glass panel convector in two color options.

Safe operation, guaranteed by different safety features.
