

OIL-FILLED RADIATORS SERIES

CB

CB 2009 E01R

SAP код	301531
Net weight	12.19 kg
Maximum power	2000 W
Thermo regulator	mechanical
For room up to	40-60 m <sup>3</sup>
Heating area	16-24 m <sup>2</sup>
Height	0.65 m
Width	0.29 m
Length	0.43 m
Middle power	1200 W
Number of fins	9
Minimum power	800 W

- Faster and more efficient heating of the room\*
- Convection and infrared heating for more comfort
- Light indicator
- Silent operation
- Convenient cable reel
- Built-in 500 W fan heater (for models E01 V) for even faster heating
- **Energy saving features**
- ErP Compliant
- Adjustable thermoregulator
- Three power settings
- **Security features**
- Long product life, due to the use of high quality metal sheets
- High quality and quantity of oil, ensuring trouble-free operation for long time
- Suitable for people with allergies and respiratory problems
- Anti-frost protection
- Overheating protection
- Tip-over protection

\* **Compared to radiators with the same number of fins**

TESY oil-filled radiators have large heating surface to ensure fast warming of the room. This type of heating appliances are suitable for people with respiratory issues and dust allergies, since no swirl of the air occurs during operation.
