OIL-FILLED RADIATORS SERIES
CB

CB 2512 E01V

TIN Code	301534
Net weight	15.63 kg
Maximum power	2500 W
Thermo regulator	mechanical
For room up to	60-80 m³
Heating area	24-32 m²
Height	0.65 m
Width	0.29 m
Length	0.55 m
Middle power	1500 W
Number of fins	12
Minimum power	1000 W

Information

CB 2512 E01V

- Enlarged heating surface
- Faster and more efficient heating of the room*
- Light indicator
- Silent operation
- Convenient cable reel
- Built-in 500 W fan heater (for models E01 V) for even faster heating
- **Energy saving features**
- ErP Compliant
- Adjustable thermoregulator
- Three power settings
- **Security features**
- Long product life, due to the use of high quality metal sheets
- High quality and quantity of oil, ensuring trouble-free operation for long time
- Suitable for people with allergies and respiratory problems
- Anti-frost protection
- Overheating protection
- Tip-over protection

*** Compared to radiators with the same number of fins**

Serie information

CB 2512 E01V

TESY oil-filled radiators have large heating surface to ensure fast warming of the room. This type of heating appliances are suitable for people with respiratory issues and dust allergies, since no swirl of the air occurs during operation.
